GOOD WALLOPING  
GIVEN CORBETTTommy Murphy Glays Former  
Champion Unmercifully for  
Six Rounds.

Philadelphia, Jan. 9.—Tommy Murphy of New York gave Young Corbett a severe beating in a six-round bout before the National Athletic club tonight. From the first to the sixth rounds Murphy out-fought the former champion at all stages. In the second round only the sound of the bell saved Corbett from a knockout. Murphy landed blows on the former champion's head and body. When the going sounded Corbett was hanging on the ropes in practically helpless condition. The one-minute rest brought him back in fairly good condition, but Murphy gave him no opportunity to rest and drove Corbett from the side of the ring to the other, landing on the face and body almost at will. Corbett got in an occasional blow to the kidneys and back, but they lacked force. Murphy simply smiled and drove two rights to the jaw with such force that Corbett forgot to talk.

The fourth, fifth and sixth rounds were repetitions of the third. Corbett tired perceptibly in the closing rounds. Murphy's condition was perfect, but it is probable that Corbett would have tipped the beam close to 100 pounds. He was slow and wild and outwitted in boxing, hitting and other respects.

## BASEBALL AT EUREKA.

Frank Lumley, captain and catcher of last year's champion Eureka baseball team, was in the city yesterday. Lumley says that there has been little talk about baseball in the Thule town this year, but Eureka can be depended upon to be there with a team if there is anything doing in the state this year. The national game, many of the old players are still at Eureka, says Lumley, and all are ready to don the red uniform again if there is anything doing.

## SIMMS WANTS MATCH.

Kid Simms, the local scrapper, who has acted as Gans' sporting partner in two Nevada fights, writes from Goldfield that he has taken the management of young Kottelso, and would like to match him with some good welterweight in either this city or Ogden. He bars no one. Simms expects to remain in Goldfield until Gans returns to fight Britt, when he will again act as Gans' sparring partner.

## BASEBALL MAGNATES MEET

Pacific Coast League Gets More Ter-  
ritory—Non-Reserve Clause  
Changed.

New York, Jan. 9.—The National Association of Baseball Leagues today made some revision in the constitution and elected its officers and board of arbitration, adding to the latter the name of J. D. O'Brien, of Milwaukee, president of the American Baseball league. The Pacific Coast league was granted an enlargement of territorial rights in California. A recommendation was made that all contracts with players shall be uniform, and there shall be no "non-reserve" contracts, save on the consent of the secretary of the national board and the secretary of the National Baseball association. Reports of the Eastern league and the American association, which are in class A of the National association, the highest class, asked that they be given a special classification of "AA," denoting a higher rating. To this the Pacific Coast league and the Southern association entered a vigorous and successful protest. The association endorsed a request of Eugene F. Bert, of the Pacific league, that the "drafting" season of that league end uniformly with that of the other leagues, namely Sept. 10. Mr. Bert thanked the association for financial aid during the San Francisco disaster.

Rothschild, have contributed toward a gold cup that will be valued at \$3,000 for a touring competition for American cars abroad. A preliminary meet of those interested in the tour will be held in this city January 15, at which the rules governing the competition will be drafted, a club selected under which the run will be held, and a tour of Europe will be decided upon. The competition will be of about 4,000 miles and will be held in Europe in the months of June and July. The route selected will take in part of France, Spain, Italy, Austria-Hungary, Germany, Belgium and England. The entrance fee will be \$1,000 for each person, which will cover all expenses en route.

## NEALON'S ENTRY HELD UP

Owner Durnell Was Ruled Off Cali-  
fornia Turf, Hence the  
Trouble.

New York, Jan. 9.—The Coney Island Jockey club has not announced the nomination of Nealon for the suburban handicap in spite of the fact that the entry of the horse was made by C. E. Durnell. The entry is being held up until such time as the stewards of the jockey club can pass on the standing of Durnell, who was ruled off the turf by the Pacific Coast Jockey club last winter after a controversy growing out of a selling race with J. J. McCafferty.

Durnell was reinstated last fall and has been racing in California this winter. A trouble with Nealon's entry probably is a purely technical one, as the Pacific Coast Jockey club failed to send an official notification to the jockey club here in the matter.

## INDOOR BASEBALL AT U

Maddock Organizes Team and Is Out  
With Challenge to  
State.

An indoor baseball team is being organized at the university. A large squad of men are trying out for the team daily in the gymnasium, and the election of captain and manager will take place this week. There is an abundance of good material at the school and Coach Maddock thinks he can get one of the best teams in the state.

Coach Maddock has some games scheduled with the Y. M. C. A., the first of which is to come off a week from next Saturday night. An effort is also being made to secure games with the Brigham Young university at Provo, the Agricultural college and the L. D. S. university. There were some lively scenes around the campus yesterday. All four classes had teams out practicing for the coming class football series. The sophomores had the biggest squad out and had enough men to line up two teams for scrimmage. The seniors are being coached by Fred Bennion and Dale Pitt of the varsity team.

## TENNIS PLAYER MARRIES.

New York, Jan. 9.—Miss Beatrice Kobbe, niece of Major General Kobbe, U. S. A., and Raymond D. Little, the well known tennis player, were married in All Angels Protestant Episcopal church yesterday. The ceremony was a brilliant one. The bride was given in marriage by her father, and her attendants also wore costumes of that period.

WHERE CYCLONE  
GETS RAW DEALGibson and Grant Get Bail for  
Maurice and Refuse to Help  
Other Thompson.

Cyclone Thompson was detained at the sheriff's office all day long and until late tonight while Maurice Thompson walked about the streets a free man as a result of their fight in Ogden last night.

Both men were arrested today on a complaint sworn out by Rev. John Strong Elderkin of the First Congregational church and both men were held under \$300 bail. Billy Gibson and R. A. Grant, promoters of the fight, at once secured bail for Maurice Thompson, but refused to come to the aid of the request of Manager "Rawhide" Kelly. It was not learned until late in the day of the actor's friends and grant and friends of Cyclone at once came to his rescue.

"Rawhide" Kelly was pretty sore and says Grant and Gibson have played fair with him. He claims that Grant promoted the contest and if there is anybody to be held for the act, it should be the promoter. There has not been the best of feeling between Kelly and Grant for some time. The fire was not discovered until yesterday morning, after the cars had been destroyed by the blaze. The police are yet unable to ascertain any cause for the fire, or for the condition of Allen. One theory is that he had an altercation with someone, who left him for dead, and then set fire to the cars to conceal the deed, and that the flames brought Allen to his senses and he crawled far enough from the fire to escape perishing.

## KELLY TOO QUICK FOR GRANT.

According to Kelly, Grant paid him only a portion of the amount and then tried to do the grabbing act in order to get the slip of paper acknowledging the debt. Kelly was too quick, however, and Grant got sore. Kelly threatened all kinds of things on account of the attitude assumed by the manager of the local opera house and says that if any one of them tried to do anything to him, he will see to it that Grant does not escape, even if he has to swear out a complaint himself.

The making up of the complaint was the first official act of Nathan J. Harris, the new county attorney. The same representative made to this effect was made to his predecessor, E. T. Hulanicki, who would not act in matters of a similar nature, holding that it was up to the city which licensed the bout, to prosecute if there was any prosecuting to be done. The situation at present is that two men engaged in a contest licensed by the city and are then arrested and prosecuted by the county officials.

In view of these conditions it would not be at all surprising if there would be some interesting results. One thing is certain that the fire no matter who is to blame, will mean all end to boxing contests in Ogden.

MAN'S INJURIES  
PUZZLE POLICERobert Allen Is Found Uncon-  
scious Near Smouldering  
Embers of Box Cars.

## CAN GIVE NO EXPLANATION

ORIGIN OF THE FIRE SHROUDED  
IN MYSTERY.

Mystery surrounds the finding of Robert Allen early yesterday morning, near Tenth South and Third West streets, at a point in the Rio Grande yards where two freight cars were burned last night. Allen was discovered at 6 o'clock yesterday morning, lying on the ground, near the smouldering embers of the burned cars. He was unconscious. His face and hands were scorched and his clothing was partly burned. His face was bruised in a manner that would indicate that he had been in a fight.

Allen was brought to the police station by Patrolman Harry Curran, locked up on a charge of drunkenness. He was unable to give any explanation of his condition or of the burning of the cars. He said that he came to Salt Lake City from California last Tuesday and was drinking Tuesday night, but does not recall going into the railroad yards at all. The cars which were burned were loaded with merchandise. The fire was not discovered until yesterday morning, after the cars had been destroyed by the blaze. The police are yet unable to ascertain any cause for the fire, or for the condition of Allen. One theory is that he had an altercation with someone, who left him for dead, and then set fire to the cars to conceal the deed, and that the flames brought Allen to his senses and he crawled far enough from the fire to escape perishing.

"But I ought to know," replied the stranger; "you see, I am the man who married her."

## SYPHILIS, BLOOD POISON

YOU ARE NEVER SAFE WHILE THIS POISON REMAINS IN THE SYSTEM.

A person afflicted with Blood Poison cannot feel safe while any of the virus or poison remains in the system. This disease, with little doubt, is one of the most horrible and deadly which affects the human family, from the fact that though its beginning is manifested by only a small sore, in a short time it becomes constitutional; the blood is contaminated, the tissues break down, and a multitude of terrible symptoms follow, such as unsightly skin eruptions, sore throat, falling of the hair, pains in various parts of the body, inflamed eyes, general emaciation and debility. Later may follow disease of the nerves, such as paralysis, locomotor ataxia, softening of the brain, insanity, etc. We will cure you if your case can be cured.
